WS-PACE.org Announces Support of Appeal by the City of Patterson, et al

West Side-Patterson Alliance for the Community and the Environment (WS-PACE.org) has withdrawn its legal challenge to PCCP West Park LLC's Crows Landing project in Stanislaus Superior Court. WS-PACE.org fully supports and applauds the appeal filed in the Fifth District Court of Appeals by the City of Patterson and the Del Puerto Health District, et al.

"We are pleased that the city and the health district are moving forward," WS-PACE.org President Ron Swift said. "WS-PACE.org has not ruled out future legal action in this matter. We hope that Stanislaus County planning processes concerning the West Park Crows Landing project will be open, transparent and legally compliant."
